Air 1 90.1 in my area has helped teenagers stay out of trouble and come closer to God. Air 1 is very helpful to our community and many in the United States. the affect the LPFM brodcaster will have on air1 will not provided ous with the positive and encouraging music that air1 plays. Teenagers always look forward to turning on the radio and having something positive to listing to. Its always helps us take our mind off the world and be close to God. As people of god we want our community to get closer to God and with out Air 1 that mission is imposssible.
